The diagram illustrates a bus system. On the left, there are two masters: *M1* and *M2* (top) and *O2* and *O4* (bottom). *M1* and *M2* are connected to a single output line labeled *O3*. Similarly, *O2* and *O4* are connected to the same *O3* line. A central vertical line labeled *O3* connects these two groups. To the right of this central line, a horizontal line extends to the right, representing the bus output.
